

AHNCC & GAHN, "CALLED FROM DARKNESS" FILM SERIES

JOURNEYS OF HEALING, RESTORATION, AND RECONCILIATION: MARGINALIZED POPULATIONS DEALING WITH ADDICTION RECOVERY.

Movie 6 - Recovery Café - June 27, 2023 - 7:00 pm EST

Welcome to Recovery Café is a short documentary that reveals that good nutrition, connection, and community are the antidotes to isolation, loneliness, and recidivism.

Recovery Café is a refuge of hope and healing where transformation is on the menu. It's a place where people who have been ignored and not valued are given loving attention and valued. It is a place where people come back to life! Recovery Café is not a drop in or a crisiscenter. It's a membership organization where people are not only loved and valued but discover themselves to be a source of love which contributes to the healing of others.

When people come into our cafes for the first time they are on the threshold of choosing something new. They are in a liminal space and it is scary because we all know the familiar and what we have done in the past but we don't know where this new path will take us.

Our recovery circles are the places where we can be honest about all the ways we numb our pain and all the ways we need recovery. It's the place where we can practice new ways of being in the world. New ways of being in relationship with each other.

The American Holistic Nurses Credentialing Corporation (AHNCC) and the Global Academy of Holistic Nursing (GAHN) are partnering to offer a documentary series, offered by TouchPoint Productions LLC, which explores the spiritual dimensions of addiction recovery, healing and reconciliation in different marginalized populations.

Each month a film will be watched and then a dialogue will be facilitated by an expert working with the population. Group interaction will be encouraged and supported. Documentaries are approximately 30 minutes long and will be followed by a 60 minute dialogue among the group (1.5 CE's per film).

Once you have registered, you will be able to view all of the films in the series.

This series consists of 6 documentaries that explore five (5) different diverse populations suffering from addiction disorders, in the United States.

This nursing continuing professional development activity was approved by the American Holistic Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.
